

## Easy Pound Cake

### Ingredients

1 box cake mix - any flavor/any brand  
1 package (3.4 oz) instant pudding and pie filling mix - any flavor/any brand  
4 large eggs  
1 cup water  
1/3 cup vegetable oil  
1 tsp. vanilla  
1 can frosting - any flavor/any brand

### Directions

Preheat oven to 350. Grease and flour a 10-in bundt or tube pan (sometimes I dust with powdered sugar instead of flour).

Combine cake and pudding mixes with eggs, water, vanilla and oil. Beat on medium for 2 minutes. Pour in prepared pan and bake for 40-50 minutes. Cool completely and invert on serving dish.

To frost, heat frosting in microwave for 10 to 15 seconds. Stir and drizzle over cake. The instructions say use a half cup; I say use the whole thing.
